

New Feature Announcement

Online Customizable Forms

We've been at it again! With designer's busy designing and developers busy building, we wanted to let you know that a new feature we know homeowner leadership and property managers alike are going to get excited about!

Depending on your HOA, we're willing to bet that homeowners have at least one form that is regularly completed and submitted to the Property Management Company, if not multiple forms. In working with associations, the one thing we've discovered is that completing and sending one or more forms is part of the process when you live in an association. Whether it's a form to seek permission to paint your home, request a pool key, reserve the amenity center, etc., forms are part of your organization's life-blood. So why not simplify and provide for better tracking.

Introducing a new plugin designed exclusively for use with our HOA websites. This new addition to the growing family of features available on our websites, is completely customizable and works with just about any Adobe PDF document that needs to be submitted. Here are a few of the features:

- Configure everything about the form! Make it mimic the paper form.
- Configure how the form looks on the webpage, including all header, sentence, disclaimer, question, and email confirmation verbiage, colors, and other styling, etc.
- Configure the plugin to use your own PDF, ensuring the right form is routed
- Dynamically add or remove questions on the form
- Define where it will be sent when submitted
- Choose from single-line and multi-line text boxes, as well as drop down lists
- Indicate which questions are required for form submission and which aren't
- Offer option for instant download as well as email
- Submission history is stored for easy reference and retrieval later on
- Electronically sign

The cost of adding this feature to your HOA website is only \$89.95*

Contact us today and let's take your paper digital!

Play with two demos today at www.creekbluff.com/plugins.aspx

* One-time setup charge, with no recurring fees whatsoever. Hosting and maintenance fees do not change by adding this feature.

Header text is editable and all styling configurable such as colors

Sample Online Architectural Form

Creek Bluff Homeowners Association has made it easy for you to submit your Architectural Control Committee Request for property modifications.

Lead paragraph text is editable and all styling configurable

Complete the form and then click the Submit button

You get to build your own form and ask questions the way you want

What is your Name? *

What is your Address? *

Phone *

Email Address *

Will this project require fence removal? ▼ *

Building permit applied for? ▼ *

Nature of your project: *

Specify square footage, length, width, height above ground

Will project be visible from the street? ▼ *

Electronically Sign the Online Form *
Type your full name to eSign this document
